S. No	Register No	Name	Role
1	RA2211032010078	Rishi Vardhan	Product owner
2	RA2211032010073	Sakina Rizvi	Developer
3	RA2211032010083	Arshiya Jaleel	Scrum Master

Project Title: Career Guidance System

Problem Statement:

Many students lack proper career guidance, making it difficult to choose the right path, acquire relevant skills, and access learning resources. Our career guidance system provides personalized recommendations and curated resources to help them make informed career decisions.

Product Vision Document

1. Audience

- **Primary Audience:** Students, recent graduates, and professionals exploring career transitions.
- **Secondary Audience:** Career coaches, educational institutions, and HR professionals.

2. Needs

- **Primary Needs:**
 - Accurate career assessments to help individuals identify strengths, interests, and potential career paths.
 - Personalized career recommendations based on skills, preferences, and market trends.
 - Access to resources for skill development and career growth.
- **Secondary Needs:**
 - Accurate career assessments to help individuals identify strengths, interests, and potential career paths.
 - Personalized career recommendations based on skills, preferences, and market trends.
 - Access to resources for skill development and career growth.

3. Products

- **Core Product:**
 - A comprehensive career guidance platform that offers career assessments, personalized recommendations, and development resources.
- **Additional Features:**
 - Job market analysis with real-time trends and salary data.
 - AI-driven career path suggestions based on user profiles and industry demands.
 - Networking and mentoring platform for connecting with industry professionals.
 - Skill-building resources such as online courses, certifications, and workshops.

4. Values

- **Core Values:**
 - Empowerment: Empowering individuals to make informed decisions about their career paths.
 - Growth: Supporting continuous learning and professional development.
 - Accessibility: Making career guidance tools accessible to all, regardless of background.

- **Differentiators:**

- Data-driven Insights: Real-time market data and personalized career recommendations.
- Holistic Approach: Offering a range of tools including career assessments, job search support, and networking.
- Career Longevity: Focusing on long-term career growth with ongoing support and skill development.

5. Vision Statement

To empower individuals at every stage of their professional journey by providing personalized, data-driven career insights, resources, and networking opportunities that enable informed decisions, continuous growth, and successful career paths.
